

# MAIZE SHELLER

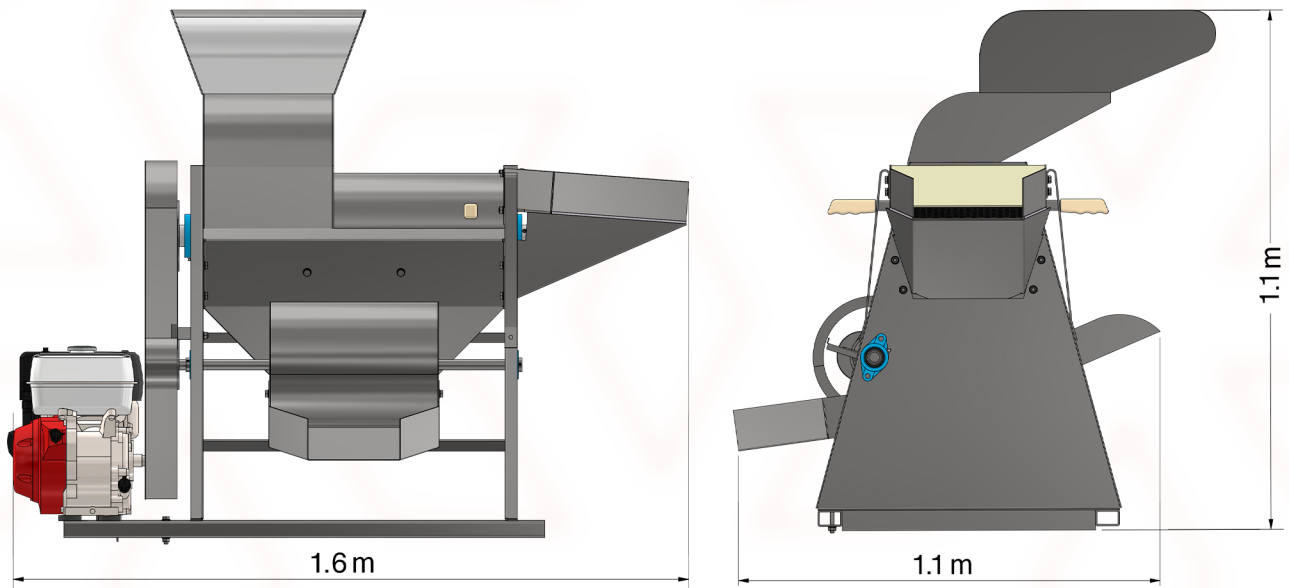

## Product Factsheet

# Mini Corn Sheller

## ST-6000 Gen II

### Product Factsheet

- **Dimensions:**  
1.6m x 1.1m x 1.3m (125kg)
- **Capacity:**  
0.6 tonnes/hr or 6 bags(100kg-size)/hr
- **Efficiency:**  
Threshing: 95%  
Cleaning efficiency: >95%  
Seed breakage: <2%  
Grain loss: <3%
- **Power:**  
7HP diesel aircooled engine
- **Mobility:**  
Can be transported in a tricycle/  
rickshaw bucket
- **Maintenance:**  
Field-serviceable design
- **Threshing drum type:**  
Axial flow threshing cylinder
- **Crop compatibility:**  
Dehusked maize
- **Operator needed:**  
1
